Summary

- I am a front-end developer with two years of experience, specializing in creating responsive and user-friendly web applications and passionate about learning new technologies and eager to contribute to large teams.
- My goal is to deliver high-quality code while continuously improving my skills and collaborating with experienced developers.

Skills

JavaScript	TypeScript	Tailwind	Material UI
Bootstrap	Sass	Axios	Jira
GitKraken	HTML	CSS	Git

Work Experience

Tonrow Landing Page

Spring 2024

- We did this project for a sample of work with the cooperation of four of my colleagues for a month, and I led the team as a leader. In this project, we gained a lot of experience in soft and hard skills.
